

## What is it like to work with Benecon?

### RE-DEFINING RENEWALS

"We're not chasing rates anymore going to 10+ different carriers now that we've partnered with Benecon."

### TRANSPARENCY

"Our clients know exactly what is driving their rates. With access to their claims data there are no surprises."

Benecon provides self-funded medical benefit programs, offering a full suite of actuarial, compliance, finance and producer services to thousands of public and private sector employers and hundreds of thousands of employees across the United States. Benecon's offering allows employers to effectively control benefit plan expenditures and design programs that meet both the strategic needs of the employer and the personal needs of the employees.

### TRUE PARTNERSHIP

"Benecon meets with groups where they're at and doesn't overcomplicate things when it comes to self-funding."

**We hear a lot of nice words from lot of nice people. The feelings are mutual.**

"VERIS has been a game changer for our firm providing us a great competitive advantage. More importantly it has provided our clients a more efficient alternative funding strategy. We really enjoy the partnership with Benecon."
