

Real Problems. Real Solutions.

Garner identifies the **highest-quality in-network providers** and **reimburses employees' out-of-pocket costs** when they use them — improving health outcomes and lowering plan spend. Employers save by reducing unnecessary and low-value care.

Backed by the nation's largest patient data set (over 320 million patients), with a proven incentive model that drives member engagement..

Possible Use-Cases:

- ⚠️ Unpredictable care quality within networks
- ⚠️ Employees don't know how to identify top-performing providers
- ⚠️ Out-of-pocket costs discourage care-seeking behavior

Garner supports with:

- ✅ **\$0 out-of-pocket costs for employees** when they visit a Garner Top Provider
- ✅ Sophisticated doctor analytics using over 550 performance metrics
- ✅ Garner app makes it easy to find the best doctors, including live support from our Concierge team

Integrate through Benecon

Plan Integration

Garner can be added alongside most major medical plans and requires no changes to the underlying TPA/ASO or network.

Employee Eligibility Coordination

Client will need to work with Garner to establish an eligibility file feed, likely from their benefits administrator.

To obtain reimbursement:

Members download the app, find a Top Provider and add them to their Care Team, visit them and receive quality care, and are reimbursed by Garner for qualifying medical costs up to their incentive amount.

Billing/Cost

Any billing and funding of the Garner program operates outside the consortium, but can positively impact overall claim spend.
