

# Your Wellness Pathway to Weight Management

## GET YOUR ZEPBOUND® VIALS FOR FREE WITH THE RXV WELLNESS CARD BY PEX

Your employer is committed to supporting your health goals by providing Wellness Funds towards your purchase of Zepbound vials through **LillyDirect Self Pay Pharmacy**. With your employer's Wellness Funds applied, Zepbound will be FREE to you!

### HOW DOES IT WORK?

#### STEP 1:

##### Activate Your Wellness Card and LillyDirect

Watch for an email with instructions to register your account at **LillyDirect Self Pay Pharmacy**.

Once registered, your RxV Wellness Card allows you to access the Wellness Funds that your employer has provided for your Zepbound vials. This information must be used to pay for your medication.

#### STEP 2:

##### Talk to Your Doctor

To get started with the Zepbound vial, ask your doctor to send your prescription directly to LillyDirect Self Pay Pharmacy. Make sure it goes to the right place by giving your doctor the pharmacy information and prescription details in the box to the right. Your doctor can also call Eli Lilly at (844) 559-3471 for help with sending the prescription.

#### STEP 3:

##### Wait for Confirmation

Once your prescription is sent, you will receive a confirmation text message or email. When your prescription is ready to be processed (typically within 24–48 hours), you will receive a second message with a link to complete your checkout on LillyDirect.

#### STEP 4:

##### Complete Your Order and Payment

Click the link in the text message or email to access your LillyDirect checkout. During checkout, use your RxV Wellness Card info provided to you via email. Use the card just like you would with any other online payment method. We highly recommend adding your injection supplies to your order at checkout, as they are not automatically included with the vials. Your employer covers the full cost, so you pay nothing!

#### STEP 5:

##### Your Medication is Delivered to You!

There is no need to make a trip to the pharmacy! Your Zepbound vial will be delivered directly to your home, saving you time and hassle.

### INFO YOUR DOCTOR WILL NEED

**Name:** LillyDirect Self Pay Pharmacy

**NPI:** 1689411712

**NCPDP:** 3692539

# RxV Wellness Card – Frequently Asked Questions

## What is the RxV Wellness Card?

RxV Wellness Card is a program that allows your employer to contribute funds towards your purchase of Zepbound vials through [LillyDirect's Self Pay website](#). These vials are unavailable through insurance plans, making this a great way to obtain affordable GLP-1 medications.

## What is the Self Pay only pharmacy fulfillment option for LillyDirect?

Some Lilly medications are only available through Self Pay and cannot be billed to insurance. LillyDirect offers this option to provide affordable access to these medications. You can use your RxV Wellness Card to pay for them, as it allows access to prices outside of insurance plans.

## How do I access my employer funds for my Zepbound vial purchase?

The RxV Wellness Card is connected to your employer's funds, so when you use it to pay for the Zepbound vial through LillyDirect, there is no cost to you.

## Which forms of Zepbound are covered?

RxV Wellness Card covers Zepbound vials (2.5mg, 5mg, 7.5mg or 10mg) only. Zepbound injection pens are not currently available through RxV Wellness Card.

## How do I get my prescription to LillyDirect?

Your doctor must send the prescription directly to LillyDirect Self Pay Pharmacy using the provided NPI and specific instructions/codes

**NPI:** 1689411712

**NCPDP:** 3692539

**Zepbound Vial:** 2.5mg, 5mg, 7.5mg, or 10mg

If your doctor experiences issues, they can contact Eli Lilly at **(844) 559-3471** for assistance.

## What if I have not received a text message or email confirming receipt of my prescription?

It often takes 2-3 days to process your prescription. If you haven't heard from LillyDirect by then, double-check that your healthcare provider has the correct phone number and email address for you.

## My provider sent my prescription to the LillyDirect Self Pay Pharmacy option. Why haven't I received a checkout link?

LillyDirect is verifying your prescription information to ensure everything is accurate before they can provide a checkout link. This process usually takes 3-5 business days. You'll receive a text message or email with a checkout link as soon as it's ready.

## What if my doctor prescribes a different dosage of Zepbound?

RxV Wellness Card only covers Zepbound vials at 2.5mg, 5mg, 7.5mg or 10mg because those are the only dosages currently available through LillyDirect Self Pay. If you need a different dosage or form, discuss the alternatives with your doctor.

## Do I need to add injection supplies to my order?

Yes. Injection supplies ARE NOT automatically included with the Zepbound vials and can be added to your order at checkout. The cost of injection materials through LillyDirect will also be covered by your employer.

## What does it cost to ship my medicine?

Currently, LillyDirect's third-party providers offer free shipping and handling. The cost of shipping on LillyDirect may vary in the future; any shipping costs will be visible at checkout.

## What if my eligible prescription medication is for one of my dependents covered under my plan?

Your payment information can be used to purchase Zepbound vials for covered dependents as well if allowed by your employer. Only the employee needs to have an active RxV Wellness Card.

## Who do I contact if I have questions about my LillyDirect Self Pay order?

RX VALET, a licensed pharmacy provider working with LillyDirect, will be handling your order. If you have any questions, their patient care representatives are available to assist you through the chat function in the checkout process or the link provided in your order confirmation.
