

# RxMapper™

## Preferred Pricing & Money-Back Guarantee

# BENECON

# Preferred Pricing & Money-Back Guarantee

**Low Cost, High ROI:** RxMapper pays for itself many times over with estimated annual savings of \$25.87 - \$43.12 PMPM, which equates to an **8.5x to 13x ROI**.

**Money-Back Guarantee:** We stand behind the clinical and financial impact of our program. RxMapper guarantees that the aggregate savings achieved for participating Benecon VERIS, PMHIC, LGIT, and SSHP clients will exceed the total PMPM fees. If the collective savings do not meet this threshold, RxMapper will refund the difference to participating VERIS, PMHIC, LGIT, and SSHP employers.

# Cutting-Edge Care that Drives Savings

---

RxMapper delivers world-class care that improves health outcomes for patients, while also significantly saving for the health plan, with an average annual drug spend savings of **\$8,601** and medical spend savings of **\$12,096**, for a total average annual savings of **\$20,697** per patient sequenced by RxMapper.

**\$20,697**

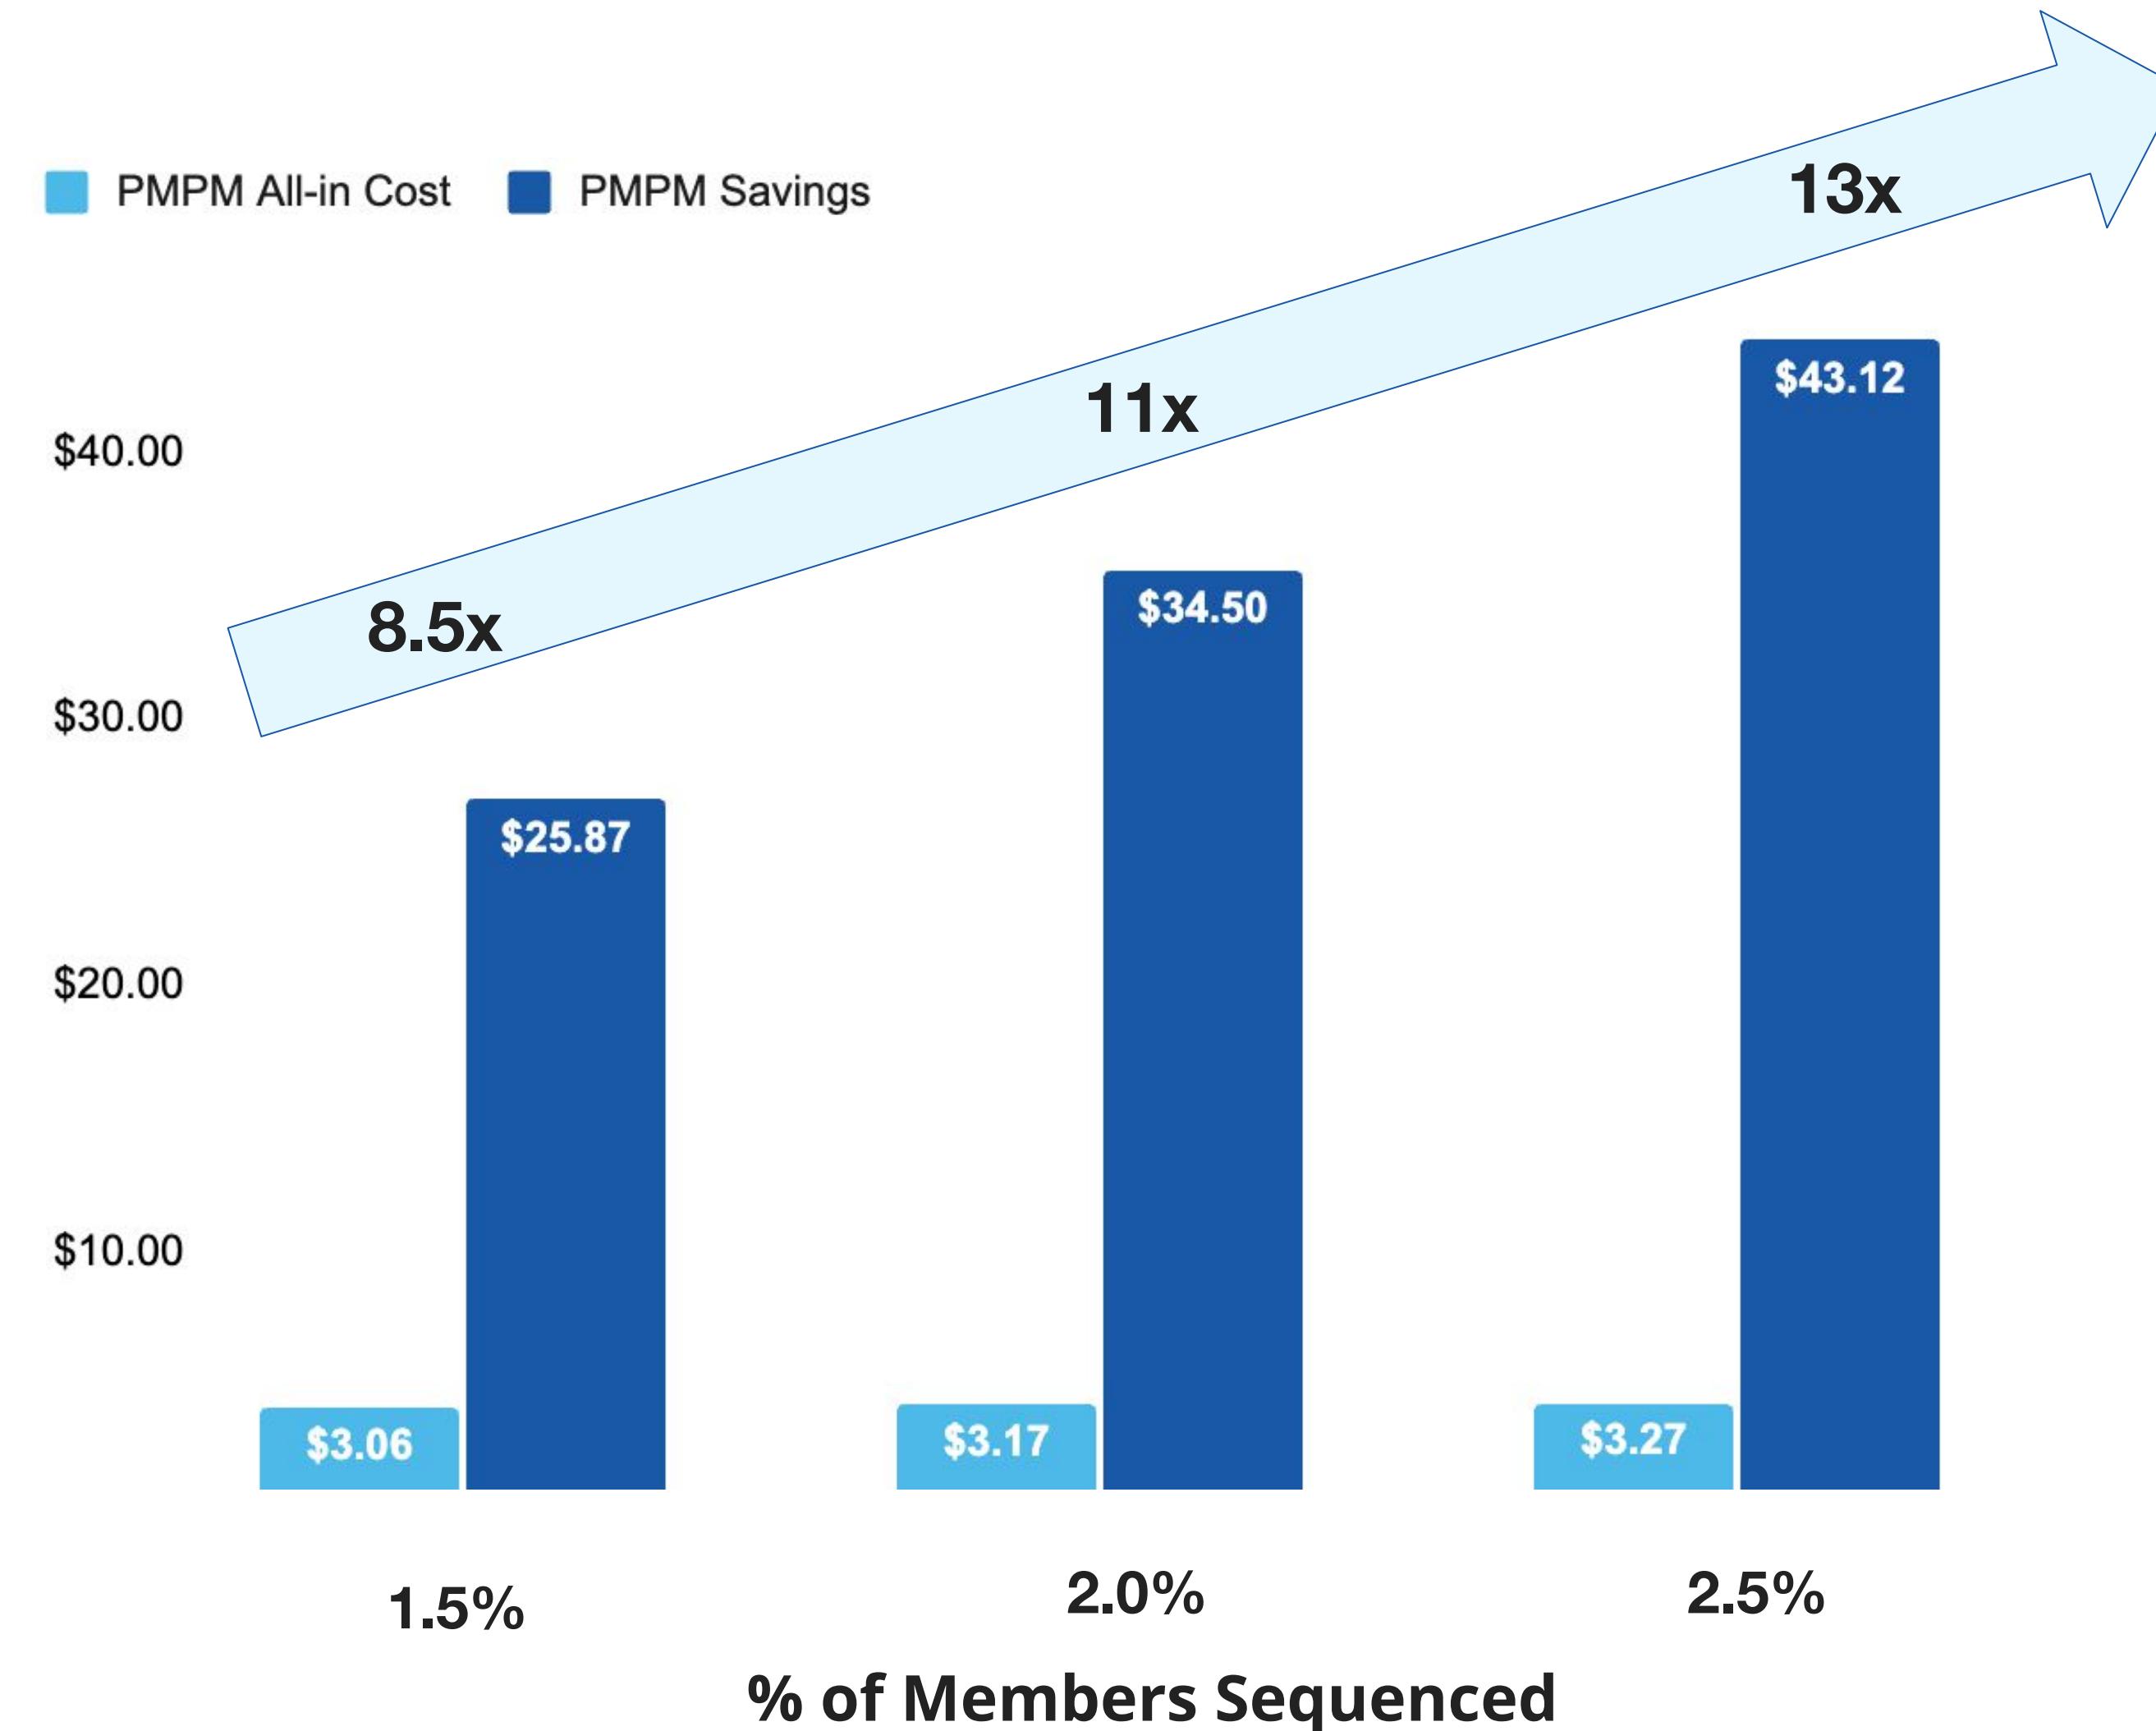

Average annual savings per patient who had their DNA sequenced by RxMapper

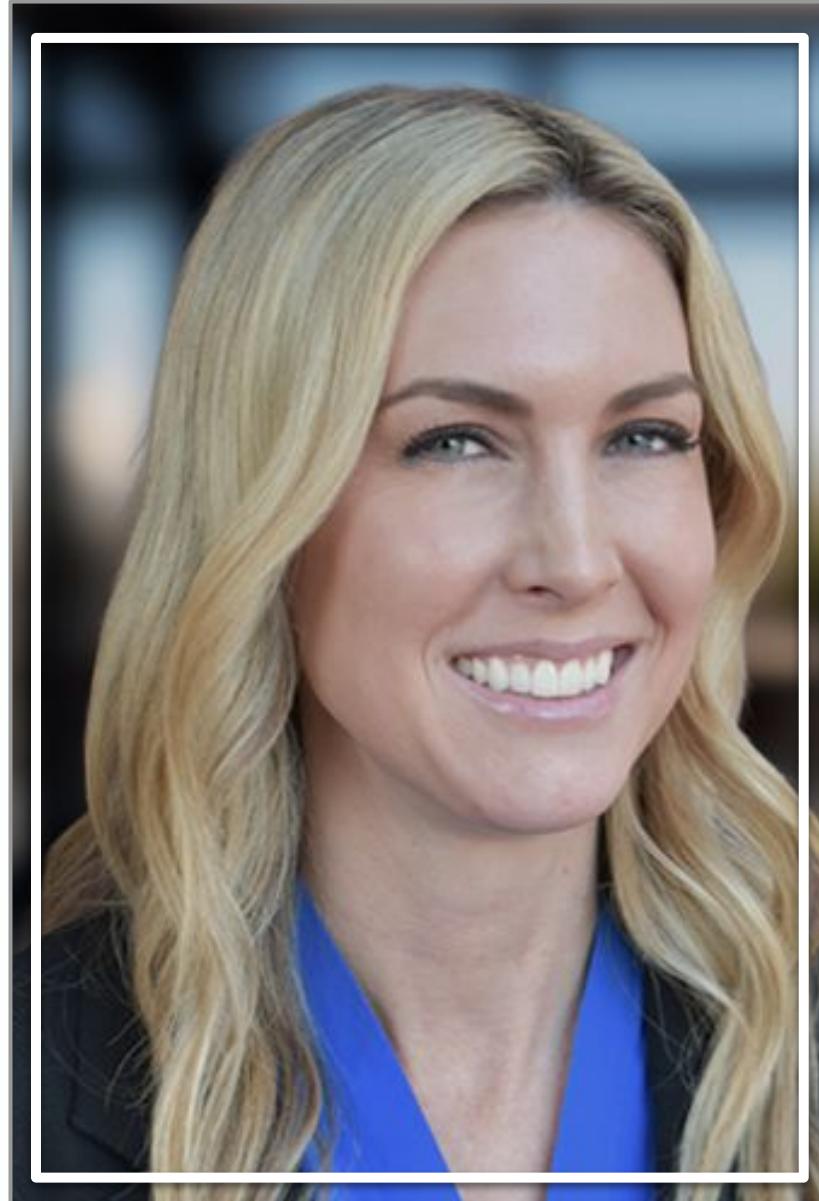

# RxMapper™ Return on Investment

**8.5x to 13x  
ROI**

ROI increases as RxMapper DNA sequences more members who are struggling with their medications.
