

Your Laser Solution

Samaritan Fund Program brings financial peace of mind to those with serious medical conditions. We connect participants with personalized coverage options and charitable funding, minimizing out-of-pocket medical expenses.

Participants receive the help they need when they need it most, while employers save money and support their employees. It's a win-win.

//

I would definitely take the time to sign up for this. It's worth it. Samaritan Fund Program has been so nice. I'd say take the time to see if you qualify. The stress level does not go away but it helps ease the pain. Not physically but I know some financial burdens can be painful.

Giving the Peace of Mind to Heal

Visit us and become a Samaritan at:
www.samaritanfundprogram.com

1.

Employer Introduction

Introduce Samaritan Fund Program to your employer clients.

2.

Contract

After the client signs our contract, we promptly schedule an Implementation Call.

3.

Employer Implementation

Determine which materials will best communicate the program and establish the time-frame for the campaign.

4.

Roll Out

The program is rolled out by the employer, and employees initiate the process by submitting a HIPAA form.

5.

Applicant

Our team initiates contact to introduce the program and assess eligibility. Once a decision is reached, we promptly notify you and your client of eligible cases.

6.

Onboarding

Once approved, our Implementation Team sets up qualified candidates with their chosen coverage, funding, and debit card. The final invoice is sent out.
