base plan

Gives employees simple, no-cost access to virtual urgent care and prescription delivery — so everyday health needs never become a bigger problem. Whether it's a same-day sick visit or a monthly refill, Revive makes care as easy as possible.

Pharmacy

Meet Mike, 50

Construction worker managing high cholesterol. Between long shifts and forgotten refills — until Revive started delivering his prescriptions free, right to his door.

Convenient refills · better adherence · no cost

Urgent Care

Meet Sarah, 41

Working mom of 3 with no time for sick days. When she woke up feeling unwell, Revive connected her to a provider, got her care, and sent a free prescription to her pharmacy — all before lunch.

Quick care · less disruption · lower cost

mental health:

24/7 access to personalized mental health support from master's-level clinicians—giving the Support employee well-being with round-the-clock, barrier-free mental health care. Access to **master's-level clinicians, AI coaching, and virtual counseling** reduces absenteeism, improves focus, and lowers stress.

primary care:

Improve employee health outcomes with personalized, ongoing virtual primary care. Employees can **schedule visits within 1-3 days** with a dedicated provider.

weight health:

Empower employees to achieve sustainable weight health with clinically backed weight loss medications and one-on-one coaching. A healthier workforce means fewer long-term health risks, lower medical claims, and improved overall productivity.

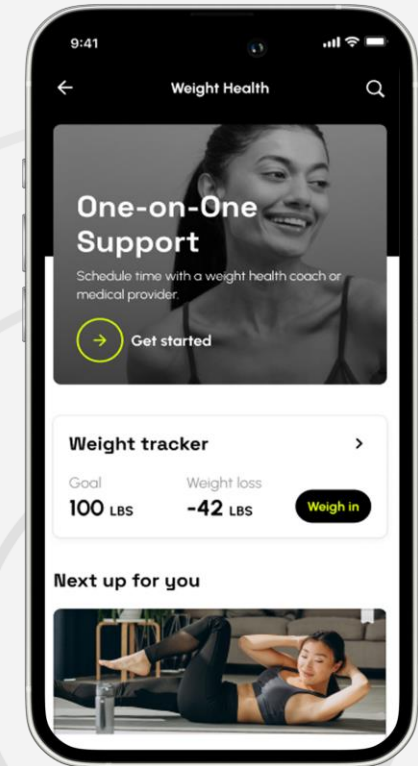

buy up spotlight – weight health

Traditional weight care relies on objective approaches rooted in external pressures that are meant to check a box. This drives short-term action, not long-term ownership. ***Our approach reframes health as a self-directed choice. Not something done to people, but by them.***

Program highlights:

- ✓ Provider-prescribed weight loss medications
- ✓ Medication management and adherence support
- ✓ 1:1 lifestyle coaching to drive long-term success
- ✓ Access to robust digital resources powered by FitOn PRO

Revive Coaches provide consistent, compassionate guidance and support

CORE PROGRAM:

1. Self-assessment.
2. Behavioral support focused on habit change, nutrition, and sustainable wellness.
3. Comprehensive digital content for physical health, social connection, and premium content.
4. Ongoing engagement tools for accountability and progress tracking.

IF CLINICALLY APPROPRIATE:

5. Clinical review to confirm eligibility for medications
6. Medications shipped by Revive's pharmacy
7. Physician visits to supervise medications
8. Plan to taper from medications

Regular coaching sessions to support and monitor progress

ABC Company

Elects the Base Plan with Revive through Benecon. The company has 200 employees on the medical plan.

Savings

After 12 months the group saves \$13 PEPM with the Revive Basic Program (Virtual Urgent Care + Rx). The group has Rx savings equal to \$6,400 (256 fills) and redirection of care savings equal to \$20,000 (55 VUC encounters).

Guarantee

An invoice credit for the delta in fees paid and savings attained is applied to the 4th invoice of the next year renewal (renewal must be both with Benecon and with Revive. The group paid \$31,200 in fees and attained \$26,400 in savings. Invoice reflects a \$4,800 credit.

Background

Revive historically has only offered such a guarantee to self-funded groups over 1,000 EE's. Through the Benecon partnership, we can bring this forward to smaller customers. In the last 4 years, Revive has only ever missed the guarantee on 2 occasions.
